

We are delighted to announce the birth of the first four foals by 'GM Conrad's In Black n White' [Imp. USA]!

Please visit the [Foals - 2010 page](#) for updated photos of these little treasures!

We were thrilled to see our first spotted Jack from 'GM Conrad's In Black and White' and 'C & L Sweet Thing' on Friday 14 May. He is a stunning black and white and a very special boy as his mum has twice developed hyperlaepimia in late pregnancy and we lost her last foal to it.

This time we were fortunate enough to pick up the danger signs earlier, and managed to save this foal by daily doses of hormone to mum since January. So pleased he is here safe and sound - one of a kind genetically in Australia. Both mum and son doing well.
